**International Silicone Technologies**, an engineered silicone compounder that manufactures compounds that are not yet available to the silicone market as well as existing materials at an affordable price for molders, extruders, hose makers, wire & cable manufacturers and more. We offer professional on-site\* technical support and have an on-site chemist waiting to assist you with all your needs and requirements.

Our company is based on product innovations, excellent service, high quality products and price competitiveness. We have over 20 years of experience in the silicone industry, from Research & Development to friendly Customer Service. You can always count on excellent professional service and reduced delivery times.

Products are made to meet any domestic, private or foreign specification. Compounds will be customized to your requirements and/or specific needs. We can also develop formulas to comply with the most sophisticated and complex criteria. No matter how small or big of a job, we can help you. Please look at the following list of some of our capabilities and products.

### 10-100 DUROMETER

*We manufacture solid silicone from an extremely soft 10 up to a very firm 100 ShoreA duro.*

### COLOR MATCH TO ANY COLOR

*We manage a very extensive color system, from commercial to Aerospace.*

### PEROXIDE CURE

*We handle peroxide cure systems compounds with excellent properties.*

### PLATINUM CURE

*We offer platinum cure systems compounds with excellent properties at an affordable price.*

### SILICONE SPONGE

*Our lightweight silicone sponge compounds are FDA & designed to meet the most sophisticated specification in the market. We also offer Commercial Grade sponge compound.*

### SILICONE FOAM

*We produce silicone foam compounds designed to meet the most sophisticated specifications in the market.*

### SILICONE TYPES AVAILABLE

*GP (General Purpose)*

*TR (Tear Resistant)*

*MS (Medium Strength)*

*HS (High Strength)*

*FS (Fluorosilicone)*

*Lightweight material*

*Conductive*

*FDA*

*Extreme Low Compression Set*

*High Temperature resistant (up to 700)*

*LT (Low Temperature Resistant)*

## OUR GURANTEE

guarantee you will be very pleased with our products, products that will exceed standards, with our service, and with our lead-time.
